APPENDIX 3 - SITES AFFECTED BY NEW EVIDENCE

This appendix includes all the previous sites that are directly affected by the new evidence (including updates of previous evidence).

Information about the kind of constraint, the type (if it is red constraint or not), the name of the main report where the evidence can be found and the consultant/organization name responsible of the study, can be found as a header of the tables.

All the information related with the 2015/16 sites, should be included in the main SHLAA 2015/16 proformas.
