

Crimestoppers is the largest crime-fighting charity helping to remove criminals from local communities. With Crimestoppers, your anonymity is guaranteed. Crimestoppers operates the 0800 555 111 telephone number, that people can call 24/7 to pass on information about crime. There is also a secure, encrypted online Giving Information Form that people can fill out to pass on information. Both routes are anonymous. 'Anonymous' means that your name is not known or made public. Crimestoppers never asks for your name, cannot record or trace calls and online forms and you will never have to make a statement to the police or appear in court.
