

Melton Children Centre's

Our Aim

To help children aged 0-5 yrs get the best start in life through improving health, social and education outcomes.

Children Centre's offer parents with children aged 0-5 a range of activities that aim to help children get the best start in life. Some of these activities are : baby massage, creative and physical play, yoga for kids, chatterbox and sing a song a story. We produce a monthly calendar of activities, so you can find out what is going on at your local centre. Some activities have limited spaces so we advise parents to book a place, some activities are invitation only, so it is best to talk to your health visitor to see if you can access these. The contact numbers for each centre are below:

Doris Cook

- We can provide you with information about what is going on for you and your family at the Children Centre's, and go along with you to your first group if you want us to
- We can provide one to one support if you think you need a little extra help with things like behaviour management, routines, and the challenges that parenting can bring!
- We can listen to your ideas about activities and services that are needed at the Children's Centre's and, if possible, set them up
- We run courses, such as, baby massage and fun+families parenting groups
